

04 Nights Green Season - Magic on the Ngamo Plains Safari:

During the Green season, from January through April, the south-eastern region of Hwange, including the Ngamo Plains where Bomani is situated, becomes a thriving hub for wildlife. With an abundance of food and water, large numbers of plains game such as impala, zebra and wildebeest gather in the area, coinciding with their lambing and calving season. This, in turn, attracts predators-including lions, cheetahs and African wild dogs, creating frequent opportunities to witness hunts.

Additionally, the pioneering **Community Rhino Conservation Initiative (CRCI)** offers an exceptional year-round guest experience for visitors staying Bomani and Camelthorn. The Green Season also presents outstanding Photographic opportunities, with striking contrasts of blue skies, lush green landscapes, white puffy clouds, and vibrant blooming flowers.

Another key advantage of visiting during this time is the exclusivity of the experience. With fewer visitors in the park and the lodges, you can enjoy more intimate wildlife encounters with minimal vehicle presence at sightings, ensuring a truly immersive safari adventure.

Rate Include: Shared transfer from VFA to Dete Railway station, shared transfer from Dete Railway station to Ngamo siding, 4 nights at Bomani Tented Lodge on Game package basis, Community Rhino Conservation Initiative (CRCI) Levy of US\$ 180 per person per stay, daily Hwange National Park entry fees, shared transfer from Ngamo siding to Dete Railway station & shared transfer from Dete Railway station to VFA.
